神机妙算 MATHICULOUS

Introducing Mathiculous, Welcome to an extraordinary journey through the mystic realms of ancient China, Immerse yourself in an intriguing slot game where the legendary strategist Zhuge Liang takes center stage, not only as a mastermind of war but as a captivating math teacher, guiding players to untold fortunes through the magic of numbers.

Spin the reels adorned with mathematical symbols and numbers. Each symbol represents a unique combination, and Zhuge Liang's teachings guide you to align them strategically for impressive wins.

Game Highlights

Unique Payout Calculation - Feast your eyes on the new symbols, unique to count! Pay multipliers are shown and added/multiplied right on your screen. Watch as your prizes add or multiply right before your very eyes!

Wheel of Math - Prepare to win big with the infinity symbol! Spin the wheel to get huge bonuses! There are 4 wheels which contain different values and will be randomly selected simultaneously, At the end the payout will equal to the math equation of the selected values which can give a maximum multiplier of 50625x !
